

Thursday 17<sup>th</sup> November 2022

Hi all

It is proving to be a busy term in the build up to Christmas and I hope your children are enjoying what they are making. I love teaching children new skills and they are certainly a pleasure to be with each week. We have had a few new children join us which is always good, and they have amazed me at how quickly they have 'cottoned' on to new skills (pardon the pun).

I am hoping to keep the children's momentum going in the new year with an exciting/useful project that I have planned. Please see link below for further details, and always feel free to email me for any further info or advice/concerns.

Wishing you all the best for a lovely Christmas season and look forward to being with you all in 2023

Jo Lucas
