

### Decomposition

Work from the units (the right side) towards the hundreds (the left side)

$$563 - 241 =$$

$$\begin{array}{r} 5 \quad 6 \quad 3 \\ - 2 \quad 4 \quad 1 \\ \hline 3 \quad 2 \quad 2 \end{array}$$

### Decomposition including exchanging

Remember that we are exchanging one ten for ten ones.

$$563 - 278$$

$$\begin{array}{r} 4 \quad 5 \quad 3 \\ - 2 \quad 7 \quad 8 \\ \hline 2 \quad 8 \quad 5 \end{array}$$
