English

At the bottom of Syd's garden, through the gate and past the tree, was Grandad's house.

There was a key under a flowerpot and Syd could let himself in any time that he liked.

The start of the story uses preposition.

A **preposition** is a word that tells you where or when something is in relation to something else.

Examples of **prepositions** include words like after, before, on, under, inside and outside.

In your books, write a list of the prepositions the author has used.

Add to the list, how many can you think of?

Remember- it tells the reader where something is!
