

Tuesday 2nd June

English

At the bottom of Syd's garden, through the gate and past the tree, was Grandad's house.

There was a key under a flowerpot and Syd could let himself in any time that he liked.

A **preposition** is a word that tells you where or when something is in relation to something else. Examples of **prepositions** include words like after, before, on, under, inside and outside.

Look back at the prepositions from yesterday.

Your first task is to write the sentences out and change the prepositions.

At the bottom of Syd's garden, past the gate and beside the tree, was Grandad's house.

There was a key between the flowerpots and Syd could let himself in any time that he liked.

Next you are going to write your own sentences of how to get to Grandad's house. You can change the objects and the prepositions.

For example-

At the bottom of Syd's garden, past the wooden fence and beside the old shed, was Grandad's house.

There was a key between the wheelbarrow and the wall and Syd could let himself in any time that he liked.
