

## Grammar for year 1- Tuesday 2nd June.

A few weeks ago we made rainbow sentences by writing different types of words in different colours.

See if you can remember which words in this sentence should go in each colour ( look at the key and example below to help you) and write it out again.

The sleepy lion stretched and yawned lazily.

nouns- blue

adjectives- red

adverbs - green

verbs - yellow

conjunctions - purple

eg. Most greedy people eat chocolate quickly.

Now make up your own rainbow sentence with at least 1 of all the different types of word in it.
