

## **Friday**

Today we would like you to take on the role of grown up Abilene! You are going to make up 5 questions for Abilene based on your notes from yesterday. Here are some example questions:

- Did you ever think you would find Edward again? Why?
- Did you replace Edward when you were a child?
- I notice you are wearing Edward's pocket watch as a necklace, did anyone think this was slightly odd?
- What are you going to do with Edward when you get him home?
- Are you going to buy him a lovely new suit?
- What do you think has happened to Edward over the years?

Once you have you 5 questions and ideas of how you would like to answer them, dress up as Abilene! Have a root around your house and see what you can find to transform yourself into a grown up Abilene (boys too please!). Ask someone at home to be an interviewer (asking you the 5 questions you came up with) and you, as Abilene, can answer them. Remember to answer in 1<sup>st</sup> person as you are now Abilene!

If you're feeling brave we would love you to record yourselves or take photos so we can see them. You could even be super brave and upload them to the Ashdene twitter page!
