# Look back at your table yesterday.

You wrote reasons why Syd should stay on the island and reasons why he shouldn't.

Today we are going to use these to help us build sentences using 'but'.

Syd should stay.	Syd shouldn't stay.
He is having a great time.	His mum and dad will miss him.
He is spending time with his Grandad.	The jungle isn't a safe place.

## For example-

- He is having a great time.
- His mum and dad will miss him.
- He is spending time with his Grandad.
- The jungle isn't a safe place.

Syd should stay on the island because he is having a great time **but** his mum and dad will be missing him.

Syd should stay on the island because he is spending time with his Grandad **but** the jungle isn't a safe place to be.
