

Tuesday and Wednesday

Tuesday: Today you are going to start your writing as the treehouse using your notes from yesterday to help you. Before you start re-watch the video: <https://www.literacyshed.com/embarked.html>

Remember

- Write in first person as the treehouse
- Write in past tense, it has already happened to you!
- Include exciting adjectives and emotions to let the reader know how you felt
- Needs to be in 4 separate paragraphs

Wednesday

Today you are going to finish writing your story. When you have done this, you need to go through and edit your work. Check it makes sense, you have used punctuation in the correct place and if there are any places you could add or change words to make your work even better!

Extension: If you have finished all your tasks you can add an extra paragraph and extend your writing. What happens next to the treehouse now he has moved to the city?
