

## **Tuesday**

On Thursday, you are going to be a sports commentator for the giraffe diving! You will be writing a script for the video.

Today and tomorrow is all about preparing for your sports commentator role. Watch the video below and listen to the commentator as he talks through each diver and their dive:

Re-watch the video **at least twice** and write down some words or phrases you would like to use when you are commentating the giraffes.

Re-watch the Diving Giraffes video and gather some noun phrases you are going to want to use in your script to describe the giraffes and also how they were diving.

Some examples could be:

***The long legged giraffe took its run up along the diving board***

***A smooth finish into the water***

***A beautiful entrance into the pool!***

Use this website to look at the names of different types of dives:
