Task: Write from the perspective of the man in the scarf

G	You can choose diary or narrative
A	Young adult readers (Diary is always myself)
P	Depends on the genre you choose

Diary – reflect on events
1st person narrative – to convey a character through action and thoughts

Why does the man in the scarf do what he does?
Who is he? Is he some kind of grim reaper?

Now you get to decide!

Write either a reflective diary or a 1st person narrative as the man in the scarf. Your writing should convey character and give an insight into his thoughts and motivations.
